In foto: 2 skeins in Blue (cod. 4) (color A), 2 skeins di White (cod. 1) (color B)

60 cm circular needle with 7.00 mm points.

Stitch-marker

LEVEL: Expert

This neck warmer is knitted in Double Knitting; this is a particular colorwork technique who makes a nice and very fashion double faced garment.

SOME WORDS IN DOUBLE KNITTING
In this technique we knit with both yarns at the same time. One square in chart means 2 stitches: the first one is knitted and the second one is purled. The color of yarn who knit or purl is indicated in pattern, but both yarn has to be in the same side; for example: if you knit with color A also the color B is on knit side, if you purl both yarn are on purl side.

SPECIAL NOTES:
The cowl is knitted putting double the yarn. We suggest to use the center and outer thread of the same yarn ball, otherwise you have to use 4 different balls.

MEASURES

PROCEDURE

With both color (put double), loosely cast on 120 sts with two color cast-on and prepare to knit in round.

Knit in round chart twice, from stitch 1 to 30 in Double Knitting. Knit in round all rows one time.

Loosely Bind off all stitches.

With a wool needle weave in ends.

Gently wash and dry flat.
