Size XL: 7 balls (MC = cream col. 01), 2 balls (C1 = orange col. 5), 4 balls (C2 = brown col.03)

Circular needles: 4 mm and 4.5 mm tips with 100 cm and 60 cm cables.

Others: stitch markers, darning needle, scissors, tape measure, waste yarn.

This garment is worked seamlessly from the top down. The first part of the yoke is worked flat (in back-and-forth rows), starting and ending at the sides of the neckline while simultaneously shaping the upper raglan lines of the sleeves. The second part of the yoke is worked in the round, closing the front neckline and continuing the raglan shaping for the sleeves. The body (front and back) is worked in the round, continuing from the yoke and leaving openings for the armholes. The sleeves are worked in the round, starting from the armholes. When instructed to place stitches on hold, transfer them onto waste yarn and tie the ends together to prevent losing any stitches.

SAMPLE

10 x 10 cm = 19 sts and 29 r in stockinette st using 4.5 mm needles (measured after blocking).

It is very important to check your gauge and measure the tension correctly to achieve the same results and measurements as the pattern.

If the gauge is different, try adjusting the needle size up or down by half a size until you get the correct measurement.
